

# Flow control/silencer VFFK-C-K-M7-P

Part number: 133141

FESTO

 [General operating condition](#)

## Data sheet

| Feature   | Value                                     |
|---|---|
| Valve function                                      | Sound pressure control function           |
| Selection of additional functions                   | With silencer                             |
| Pneumatic connection, port 1                        | M7  |
| Adjustment component                                | Knurled screw                             |
| Type of mounting                                    | Screw-in                                  |
| Standard flow rate 0.6-10 MPa (6-10 bar, 87-10 psi) | 0 l/min ... 100 l/min                     |
| Operating pressure                                  | 0 bar ... 10 bar                          |
| Ambient temperature                                 | 0 °C ... 60 °C                            |
| Type of seal on screwed plug                        | Sealing ring                              |
| Mounting position                                   | optional                                  |
| Symbol  | 00991451                                  |
| Operating pressure complete temperature range       | 0 bar ... 10 bar                          |
| Operating medium                                    | Compressed air to ISO 8573-1:2010 [7:4:4] |
| Note on operating and pilot medium                  | Lubricated operation possible             |
| LABS (PWIS) conformity                              | VDMA24364-B1/B2-L                         |
| Media temperature                                   | 0 °C ... 60 °C                            |
| Nominal torque                                      | 3.8 Nm                                    |
| Tolerance for nominal tightening torque             | ± 20%                                     |
| Product weight                                      | 5.8 g                                     |
| Material shock absorber insert                      | PE  |
| Material screwed plug                               | Nickel-plated brass                       |
| Note on materials                                   | RoHS-compliant                            |
| Material seals                                      | NBR                                       |
| Material adjusting screw                            | Nickel-plated brass                       |
