

# Illuminating seal MF-LD-12-24DC

Part number: 19143

FESTO

 [General operating condition](#)

## Data sheet

| Feature                         | Value                                  |
|---------------------------------|----------------------------------------|
| Switching position indicator    | LED                                    |
| Type of mounting                | On solenoid valve via M3 central screw |
| Product weight                  | 1.6 g                                  |
| Electrical connection           | Type B<br>Square design MSF            |
| Operational voltage range DC    | 12 V ... 24 V                          |
| Protective conductor connection | Available                              |
| Nominal power illuminating seal | 0.05 W                                 |
| Degree of protection            | IP65                                   |
| Ambient temperature             | -25 °C ... 85 °C                       |
| LABS (PWIS) conformity          | VDMA24364-B2-L                         |
| Material housing                | TPE-U(PU)                              |
| Colour                          | Transparent                            |
