

# Stop (kit) DADP-ES-Q12-25

Part number: 2536504

FESTO

 [General operating condition](#)

## Data sheet

| Feature                         | Value                            |
|---------------------------------|----------------------------------|
| Size                            | 25                               |
| Rotation angle adjustment range | 0 deg ... 270 deg                |
| Mounting position               | optional                         |
| Fine adjustment                 | -6 deg                           |
| Corrosion resistance class CRC  | 1 - Low corrosion stress         |
| LABS (PWIS) conformity          | VDMA24364-B2-L                   |
| Ambient temperature             | 0 °C ... 60 °C                   |
| Product weight                  | 180 g                            |
| Type of mounting                | With through-hole                |
| Note on materials               | RoHS-compliant                   |
| Material stops                  | High-alloy stainless steel       |
| Material lever                  | Beryllium bronze, nickel-plated  |
| Material disc                   | Anodised wrought aluminium alloy |
