## Basic valve CPE18-P1-3GL-1/4 Part number: 550163

**FESTO** 

General operating condition

| Value                                                                                      |
|--------------------------------------------------------------------------------------------|
| 3/2-way, closed, monostable                                                                |
| Via pilot interface to ISO 15218                                                           |
| 18 mm                                                                                      |
| 1300 l/min                                                                                 |
| G1/4                                                                                       |
| 0.25 MPa 1 MPa                                                                             |
| 2.5 bar 10 bar                                                                             |
| Piston gate valve                                                                          |
| Pneumatic spring                                                                           |
| c UL us - Recognized (OL)                                                                  |
| See certificate                                                                            |
| To EU Low Voltage Directive                                                                |
| To UK regulations for electrical equipment                                                 |
| DNV-TAA000032X<br>UL MH19482                                                               |
| 8 mm                                                                                       |
| Soft                                                                                       |
| optional                                                                                   |
| Non-detenting                                                                              |
| Pilot actuated                                                                             |
| Internal                                                                                   |
| Non-reversible                                                                             |
| 00991655                                                                                   |
| Inscription label holder                                                                   |
| Overlap                                                                                    |
| 30 ms                                                                                      |
| 36 ms                                                                                      |
| 100%                                                                                       |
| 3300 μs                                                                                    |
| 3100 μs                                                                                    |
| -15%/+10%                                                                                  |
| Compressed air to ISO 8573-1:2010 [7:4:4]                                                  |
| Lubricated operation possible (in which case lubricated operation will always be required) |
| Transport application test with severity level 2 to FN 942017-4 and EN 60068-2-6           |
|                                                                                            |

| Feature                        | Value                                                             |
|--------------------------------|-------------------------------------------------------------------|
| Shock resistance               | Shock test with severity level 2 to FN 942017-5 and EN 60068-2-27 |
| Corrosion resistance class CRC | 2 - Moderate corrosion stress                                     |
