

# Electrical interlinking module

## VMPAL-EVAP-14-2

Part number: 560964

FESTO

### Data sheet

 [General operating condition](#)

| Feature                        | Value                                         |
|--------------------------------|-----------------------------------------------|
| Valve size                     | 14 mm                                         |
| Max. number of valve positions | 1                                             |
| Max. number of valve coils     | 2                                             |
| Integrated function            | Colour-coded assignment of the valve function |
| Nominal operating voltage DC   | 24 V                                          |
| Corrosion resistance class CRC | 3 - high corrosion stress                     |
| LABS (PWIS) conformity         | VDMA24364-B1/B2-L                             |
| Ambient temperature            | -5 °C ... 50 °C                               |
| Product weight                 | 9 g                                           |
| Housing colour                 | Black                                         |
| Material housing               | PA                                            |
| Note on materials              | RoHS-compliant                                |
