

# Manifold rail

## VABM-P6-15MB-G18-M5-6

Part number: 8083546

FESTO

 [General operating condition](#)

## Data sheet

| Feature                                   | Value                          |
|-------------------------------------------|--------------------------------|
| Grid dimension                            | 15 mm                          |
| Design                                    | Connection direction downwards |
| Max. number of valve positions            | 6                              |
| Corrosion resistance class CRC            | 2 - Moderate corrosion stress  |
| LABS (PWIS) conformity                    | VDMA24364-B2-L                 |
| Max. tightening torque for valve mounting | 0.6 Nm                         |
| Product weight                            | 210 g                          |
| Pneumatic connection, port 1              | G1/8                           |
| Pneumatic connection, port 2              | M5                             |
| Note on materials                         | RoHS-compliant                 |
| Material manifold rail                    | Wrought aluminium alloy        |
