

# Manifold block-SET VABS-C12-6-S-B4

Part number: 8122791

FESTO

 [General operating condition](#)

## Data sheet

| Feature                            | Value                                     |
|------------------------------------|-------------------------------------------|
| Construction width                 | 6 mm                                      |
| Mounting position                  | optional                                  |
| Design                             | Connection direction at side              |
| Max. number of valve positions     | 1                                         |
| Operating pressure                 | -0.1 MPa ... 0.7 MPa                      |
| Operating pressure                 | -1 bar ... 7 bar                          |
| Operating medium                   | Compressed air to ISO 8573-1:2010 [6:4:1] |
| Note on operating and pilot medium | Maximum particle size 5 µm                |
| LABS (PWIS) conformity             | VDMA24364 zone III                        |
| Ambient temperature                | 5 °C ... 50 °C                            |
| Product weight                     | 1.1 g                                     |
| Type of mounting                   | With through-hole                         |
| Pneumatic connection, port 2       | For tubing I.D. 2.5 mm                    |
| Note on materials                  | RoHS-compliant                            |
| Material manifold rail             | PBT                                       |
