

# Manifold block CAPS-M1-VDE2-S-A-AL-G14-V

Part number: 8154589

FESTO

 [General operating condition](#)

## Data sheet

| Feature                                               | Value                               |
|-------------------------------------------------------|-------------------------------------|
| Dimensions (W x L x H)                                | 80 mm x 104 mm x 50 mm              |
| Mode of operation                                     | Single-acting                       |
| Design characteristics                                | Safety pneumatic output 2 exhausted |
| Standard nominal flow rate (standardised to DIN 1343) | 320 l/min                           |
| LABS (PWIS) conformity                                | VDMA24364 zone III                  |
| Product weight                                        | 650 g                               |
| Type of mounting                                      | To VDI/VDE 3847-2                   |
| Pneumatic connection                                  | G1/4                                |
| Note on materials                                     | RoHS-compliant                      |
| Material screws                                       | High-alloy stainless steel          |
| Material housing                                      | Aluminium, powder-coated            |
